

1. "DY Patil School of Management has indeed provided me a 'foundation to flourish' and a 'platform to perform' in the education sector across our nation. My two years of MBA here reminds me of brilliant faculty members who have nurtured me not just in academics, but with exceptional life skills. The unique course curriculum of this school has made me fearlessly gear up for facing the changing complexities of national and international business dynamics with utmost ease. The infrastructure and the overall ecosystem of our business school under the dynamic leadership of our beloved Director, Prof. Dr. R. Gopal Sir has made me transform into one of the youngest leaders in the education sector across our nation. I am extremely confident and upbeat in leading the education reforms of our nation in the years to come due to the grooming at my alma mater. On behalf of my entire first batch of MBA students, I wholeheartedly thank the founders of DY Patil University - Respected Hon. Shri DY Patil Sir, Dr. Vijay Patil Sir & Dr. Ajinkya Patil Sir for creating such a world class university."

2. At DYP, it's about transformation. It not only imparts knowledge, but reinforces in us the spirit of creative action. Those two years here at DYP have been a real learning experience & have in many ways, made me industry ready. Here we suddenly discover that we are capable of so much more than we had given ourselves to believe. Remember, "If you have the will, the rest will follow. Always keep it burning. "

6. "I was just one of the students when I joined D.Y. Patil Institute of Management studies in 2005, when I left in 2007 , I had metamorphosed to take on the world & not just the corporate jungle. The faculty & teaching pedagogy ensured it brought out the best in me. We were part of first batch to take annual events to new high thanks to support of faculty, director, admin and support staff. They are simply amazing and this is where my understanding increased manifold. As representative of students I was able to hone my leadership skill to a great extent. Best part was getting campus placed in a management consulting firm which was my dream job. DYPIMS is my second home where I like coming back again and again and again...!! "
