

## Open House: Experiencing Public Health & Sustainability

On June 20, 2025 & June 21, 2025

The School of Public Health hosted a **two-day Open House**, showcasing its Public Health and Environment & Sustainability programmes through interactive workshops. Participants tackled the **“Epidemic X”** outbreak challenge and **“Earth Code”** sustainability workshop, gaining hands-on experience in real-world problem-solving. The event also featured campus tours and concluded with a prize distribution ceremony, offering an immersive glimpse into academic life and university facilities.
